

TAMAITI O LE PASIFIKA

‘O le fogava’a e tasi, One family.

“A literate Pasifika individual will essentially be a global citizen; one who knows and respects his/her heritage and can draw upon the best it has to offer them in order to excel in all areas of life. Not only that but to build others up in the process.” Pasifika success as Pasifika. Ace Aotearoa.

Tamaiti o le Pasifika is how Wainuiomata Intermediate has committed to delivering “*Pasifika success as Pasifika*,” enabling learning through a Pasifika lens and strengthening culture, mana, and identity.

Aiga must submit this application form if they want this option for their children. Both Aiga and Tamaiti must commit to the goals of Tamaiti o le Pasifika and work hard to achieve them.

The Pasifika class will participate in all school activities while also focusing on valuing and reflecting Pasifika cultures in the curriculum.

At Wainuiomata Intermediate, the term 'Pasifika' refers to students and families from the Pacific Islands or those who identify with Pacific Island ancestry or heritage. This year, Pasifika students make up about 20% of our student population.

Pasifika students often navigate different worldviews at home and at school, which can affect their learning and confidence. To address this, we aim to build strong and positive relationships with Pasifika parents, encouraging them to engage with the school and share their goals and aspirations. We want our students to feel comfortable being their true selves at school, without leaving any part of their identity behind.

This class will focus on culture and identity rather than language. This approach accommodates the diverse cultures in the class and includes students who identify with a heritage but are not fluent in its language.

Tamaiti o le Pasifika aims for Pasifika success as Pasifika by:

- Partnering with aiga through regular meetings and learning conferences to support students' learning and progress.
- Preparing students to succeed as Pasifika with a strong foundation of self-knowledge and pride, affirming their identity, and extending their cultural knowledge.

Our programme was affirmed by Dr. Melanie Anae (Polynesian Panthers Legacy Trust), who said:

“We were brought up in an education system that was assimilationist, and there was only the Euro-centric Disney version of our history - an entire universe and then some - away from the culture of confidence, celebration, and valuing of our own mana, culture, and identity we experienced there (at WIS). Tigilau, Alec and myself have come away with enduring, powerfully inspiring memories of our time with you.”

Choosing to join Tamaiti o le Pasifika means students and their aiga agree to uphold the program's aims and support the kaiako and staff.

Participation in the school's Pasifika group and helping with 'Pacific Language Weeks' is mandatory. Serving our Pasifika community, both in and outside school, is a key part of this class.

Fānau must submit an application form for consideration by Friday, 11 September. If applications exceed capacity, there will be interviews, Week 9, September 14 - 18, and fānau will be informed of the outcome of their application on November 20, 2026.
